

GUJIE DAI

Digital Media Designer | AIGC Practitioner | Co-founder

18gujie@gmail.com | daigujie.com

Profile

Digital media designer and RMIT graduate working in AI-generated content (AIGC), audiovisual production and interactive media. Co-founded Baiyuanshan with three partners in December 2025. My practice explores how emerging technologies shape visual storytelling, creative workflows and audience experience. I am interested in developing this practice through postgraduate study in media and communication.

Education

Bachelor of Design (Digital Media)

RMIT University | Melbourne, Australia

2020 - December 2022

Professional Experience

Co-founder | AIGC and Digital Media Production

Baiyuanshan | Changsha, China

December 2025 - Present

Co-founded a creative venture focused on AI-assisted audiovisual production and original content development. Develop scripts, storyboards and visual references for short-form narrative and commercial video projects. Combine AI image, video and audio generation with editing, compositing and 3D previsualisation. Explore consistent scene construction and camera planning to support repeatable AI filmmaking workflows.

AIGC Production

Hangzhou Yuguang Tongchen | Changsha Branch, China

2025

Worked in AI-generated content production within the Changsha branch.
Applied digital media design skills to the development of AI-assisted visual content.

Livestream Specialist

Digital Content and Livestream Operations

2024

Managed livestream hosts, coordinated content production and maintained audience communities.
Developed content and interactive activities, using performance data to inform audience engagement and retention.

Earlier Experience

Cook

Coin Laundry Cafe | Armadale, Melbourne, Australia

2024

Prepared and plated modern Australian brunch dishes in a fast-paced kitchen, maintaining food quality and service efficiency.

Web Developer and Multimedia Artist

Playable Streets | Northcote, Melbourne, Australia

2022

Contributed to the Kidstruments project through website development and design refinement, collaborating with the creative team.

Videographer and Post-production

DG Media | St Kilda, Melbourne, Australia

2021

Created and edited promotional video content for social platforms, including TikTok, as part of a production team.

Cook

EJ's Café, RMIT | Melbourne, Australia

2021 - 2023

Managed breakfast preparation and service in a busy café, developing time management, teamwork and communication skills.

Fine Art Educator

Nantong, China

2016 - 2020

Delivered art instruction to primary and secondary school students, focusing on drawing fundamentals, visual expression, creative thinking, and individual artistic development.

Skills and Interests

Creative practice: AI-assisted filmmaking, storyboarding, video editing, compositing, interactive media and 3D previsualisation.

Tools: Premiere Pro, Blender, Reaper and ComfyUI.
